### Olympic Solidarity - IOC Subsidies for Participation in Olympic Games

The aim of this programme is to help the NOCs cover part of their Olympic Games participation expenses. The financial aid has two different yet complementary objectives: on the one hand, to help to promote the universal spirit of the Olympic Games by guaranteeing the participation of all the NOCs; and on the other, to offer additional support to the NOCs which contribute to the development and success of the Games. This financial aid is provided in three stages: before, during and after the Games.

*For further information about the IOC Subsidies for Participation in Olympic Games we kindly ask you to contact with your corresponding NOC so that they can provide you with the appropriate documentation and information about the procedure.*
