3. Points calculating system

3.1. Kumite

a. Participation:	5 per event
b. Bout(s) won:	10 per bout won
c. Place:	As defined in article 2
d. Total points per event:	<u>(a+b+c) × Event Factor</u>

**Example: Points obtained by an athlete that has achieved 3rd place at the World Championships after winning 5 bouts.*

$$\begin{aligned} & \text{(Participation + Bouts won + Place) x Event Factor = Total Points} \\ & (5 + (5 \times 10) + 40) \times 12 = 1,140 \text{ points} \end{aligned}$$

NOTES:

- A Bye won't be considered as a bout won, with the exception of that stated under NOTES, [SECTION 1 – Article 2.1.](#)

3.2. Kata

a. Participation:	5 per event
b. Round(s) won:	10 per pass to next round*
c. Place:	As defined in article 2
d. Total points per event:	<u>(a+b+c) × Event Factor</u>

**Example based on a competition with 64 athletes:*

- *1st Round (8 Groups): 10 points assigned to top 4 athletes of each group.*
- *2nd Round (4 Groups): 10 points assigned to top 4 athletes of each group.*
- *3rd Round (2 Groups): 10 points assigned to top 3 athletes qualifying for medal bouts*
- *Medal Round: Additional 10 points for 4 medal winners**

Points obtained by an athlete that has achieved 3rd place at the World Championships.

$$\begin{aligned} & \text{(Participation + Round(s) won + Medal Winner + Place) x Even Factor = Total Points} \\ & (5 + (3 \times 10) + 10 + 40) \times 12 = 1,020 \text{ points} \end{aligned}$$

5. Other General Rules

5.1. Athletes will appear in the WKF World Ranking only when they have received points in at least one WKF Official Event.

5.2. Continuity of competitors in the WKF World Ranking:

- a. Athletes not having participated in an WKF Official event over the period of two consecutive years will be removed from the WKF World Ranking.
- b. On the day of his/her birthday, when a competitor changes age category, he/she will be removed from the corresponding Ranking (this will be applicable only for the Junior, Cadet, and U21 Rankings). In case an athlete needs a proof of his/her status on the WKF World Ranking of a specific date (within the 2 precedent years of his/her request), he/she shall send a written request to the WKF to receive it.

5.3. Points will be awarded to the athletes **ONLY ONCE PER EVENT AND CATEGORY** in the WKF World Ranking category of the competition in which the athlete has competed respectively. A competitor can compete in two different age categories, for example U21 and Senior, but he/she will have a separate WKF World Ranking for each age category. The same principle applies to weight categories.

5.4. Change of age category: Kumite (Junior to Senior)

When an athlete changes age category from Kumite Junior to Kumite Senior, 50% of his/her points obtained in the Junior category of the WKF World Ranking will be dragged to his/her Senior category of WKF World Ranking the first day of the month **after** the athlete has turned 18 years old.

These dragged points will remain in the athlete profile until he/she turns 19 years old, moment in which all points dragged from the Junior category into the Senior category of the WKF World Ranking will be completely decayed and erased from the athlete profile. This principle only applies to age changes from Kumite Junior to Kumite Senior age categories.

Regarding the weight category where the points are being reallocated, the system drags the points automatically the first day of the month after the athlete has turn 18 years old as follows:

MALE CATEGORIES		FEMALE CATEGORIES	
Junior	Senior	Junior	Senior
-55 kg		-48 kg	-50 kg
-61 kg	-60 kg	-53 kg	-55 kg
-68 kg	-67 kg	-59 kg	-61 kg
-76 kg	-75 kg	+59 kg	-68 kg
+76 kg	-84 kg	Manual request	+68 kg
Manual request	+84 kg		

If an athlete has competed in two different Junior weight categories, the transition of 50% of the points will be done category by category. Example:

- 500 points obtained in Junior -61 kg → 250 points in Senior -60 kg
- 250 points obtained in Junior -68 kg → 125 points in Senior -67 kg

If after the automatic transition, specific changes of weight category are needed, the National Federation where the athlete belongs can proceed with an official request addressed to wkf@wkf.net. In this case, the update of points in the system will be done only, the first day of the month after the request has been received.

5.5. Change of age category: Kata (Cadet to Senior)

When an athlete changes age category from Kata Cadet to Kata Senior, 50% of his/her points obtained in the Cadet category of the WKF World Ranking will be dragged to his/her Kata Senior category of the WKF World Ranking the first day of the month **after** the athlete turns 16 years old

These dragged points will remain in the athlete profile until he/she turns 17 years old, moment in which all points dragged from the Kata Cadet category into the Kata Senior category of the WKF World Ranking will be completely decayed and erased from the athlete profile. This principle only applies to age changes from Kata Cadet to Kata Senior Kata age categories.

5.6. Points obtained at Karate 1 Senior events (Premier League and Series A) will be included in the Senior WKF World Ranking of an athlete.

5.7. Athletes with two different WKF IDs

Should an athlete be registered on a competition with a different WKF ID than the one already assigned to the athlete in the WKF World Ranking, the points obtained in the competition will be assigned to the WKF ID that the athlete has competed under according to point 5.3. above.

As a consequence, the athlete will be in possession of points divided under two different WKF IDs, each of them with points obtained in different competitions. If the athlete wishes to merge the points into the same profile, an online request can be directly made by clicking on the following banner:

IMPORTANT NOTE: WKF IDs merge requests will not be considered for qualification purposes until the new release of the World Ranking (and Olympic Standing) displays the updated merged points the first day of the corresponding monthly update.

5.8. Nationality

- If an athlete nationality change occurs between two countries of two different continents, the points will be transferred to the country of destiny and all the points obtained in the continental competitions of the country of origin, will be removed from the total points.
- Points are exclusively assigned to the WKF ID under which the athlete has been registered for the competition..

- All other Rules and Conditions including change of nationality or change of representing NF are subject to the clauses related to these aspects as per WKF Organising Rules. In case an athlete changes nationality or NF according to the Regulations in force, his/her points in the applicable WKF World Ranking category will be transferred to the new country.

8. Continental Representation (Qualification System)

When Continental Games (CG) are used for qualification, all gold medallists in the CG will be first considered, and the quota will be allocated to the highest ranked gold medallist in the Olympic Standing gold medallist as long as there are still open places in the available Olympic categories, respecting the maximum of one representative per NOC per category. Should gold medallist already be qualified on a previous step of the qualification system the same procedure will be applied to the silver medallists – or if necessary the bronze medallists. When a Kumite and Kata athlete both get a gold medal, they are considered tie and points obtained in standing are not used as criteria for resolution..When the CG is not used for qualification, the qualification is done based on the Olympic Standing position of the athletes for the applicable continent.

9. Nationality

Nationality of competitors for participation in the Youth Olympic Games will be regulated by Rule 41 and Bye-law to Rule 41 of the Olympic Charter in force, under article 2.3. of these regulations.

10. Olympic Charter Rule 41

Olympic Charter (as of August 2016):

Rule 41: “Nationality of Competitors”

- 1. Any competitor in the Olympic Games must be a national of the country of the NOC which is entering such competitor.*
- 2. All matters relating to the determination of the country which a competitor may represent in the Olympic Games shall be resolved by the IOC Executive Board.*

Bye-law to Rule 41:

- 1. A competitor who is a national of two or more countries at the same time may represent either one of them, as he may elect. However, after having represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognized by the relevant IF, he may not represent another country unless he meets the conditions set forth in paragraph 2 below that apply to persons who have changed their nationality or acquired a new nationality*
- 2. A competitor who has represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognized by the relevant IF, and who has changed his nationality or*

acquired a new nationality, may participate in the Olympic Games to represent his new country provided that at least three years have passed since the competitor last represented his former country. This period may be reduced or even cancelled, with the agreement of the NOCs and IF concerned, by the IOC Executive Board, which takes into account the circumstances of each case.

- 3. If an associated State, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, if a country merges with another country, or if a new NOC is recognized by the IOC, a competitor may continue to represent the country to which he belongs or belonged. However, he may, if he prefers, elect to represent his country or be entered in the Olympic Games by his new NOC if one exists. This particular choice may be made only once.*
- 4. Furthermore, in all cases in which a competitor would be eligible to participate in Olympic Games, either by representing another country than his or by having the choice as to the country which such competitor intends to represent, the IOC, Executive Board may take all decisions of a general or individual nature with regard to issues resulting from nationality, citizenship, domicile or residence of any competitor, including the duration of any waiting period.*
